

Monks Risborough

Church of England Primary School

'A school family where everyone thrives in every way.'

Dear Parents and Guardians,

When studying the results from our parent survey last academic year, it was noted that you, as parents, were still not completely satisfied with the communication you receive from the school.

We have been looking at solutions to ensure that parents have up to date information in the most user friendly way. We have spent some time researching different companies that offer school communication and compared their offer to our current system, Parentmail.

We are pleased to announce that we will be moving to a company called Weduc. They offer a comprehensive system and parent app. This system allows you to download the personalised Monks Risborough app to get notifications of letters, forms and payments without having to be sent additional messages e.g. 'Please look at the forms', which is what currently happens when using Parentmail.

It also has a useful newsfeed that we will add additional announcements and reminders to, which will hopefully help you to stay up to date with what is happening at school. There are many additional features, which we feel will really benefit us all staying in touch.

We are really excited to announce that today you will receive an email from Weduc that will allow you to set up an account with them. The system will go live in March as we move away from Parentmail. If you have questions or concerns about the new system please do not hesitate to contact me.

Best Wishes

Miss Robinson
