Week Commencing 8th Feb 2021

Topic: Transport – Planes and things that fly / inventions

Literacy tasks:

Watch the story for this week: 'Rosie Revere Engineer' (Mrs Hirst will read it in the Monday zoom call. Or watch Mrs Hirst reading the book on Tapestry)
What can you remember of the story? - Tell an adult the story again.

Draw a picture of the story and write about what you have drawn. You could use some of the tricky words you know.

Draw a picture of something you would like to invent, for example a bedroom tidier, a machine that makes you all your favourite food, a vehicle that drives itself, a super wild bird house that has a place to drink and eat and a bedroom for the birds. Use your imagination! Write some labels for the invention and then write about how it works and what it does.

Look at some of the 'th' and 'ng' words you have written for your phonics this week. Can you write a sentence using a few of the words. eg: 'thin' 'The cat is thin'

Try the Early readers reading comprehension activity - remember to sound it out and read it yourself.

Ask mummy or daddy to make a video of you reading one of your books and send it to Mrs Hirst

Opportunities for learning in the different areas of the curriculum

Expressive Arts and Design	Mathematics	Understanding the World
Colour the tricky word colouring pages carefully Make a Valentines day card for someone you love. Make some of the heart biscuits for Valentines day. Make a flying machine out of lego, junk modelling or anything else you can think of. Try making some of the paper aeroplane designs. Which one flies the best? Maybe you could measure how far they travel.	This week we are looking at putting things into pairs and odd and even numbers. Watch Mrs Hirst's 2 video lessons then complete the challenges. Have a go at the cut and stick socks and aliens worksheets. The odd and even numbers workbook is quite long - you may want to print selected pages rather than all of them.	Have fun with some of the science investigations this week. Technology: Log on to Purple Mash and try some of the activities. If you make a picture and save it in your tray then Mrs Hirst will be able to see it!

Topic: Transport – Planes and things that fly / inventions

<p>Try this music lesson https://www.youtube.com/watch?v=Stem9IMK9Yk&feature=emb_logo</p>		
Communication and Language	Physical Development	Personal, Social and Emotional Development
<p>Discuss the story 'Rosie Revere Engineer and talk about why Rosie kept feeling upset. What made her feel better?</p> <p>Have you ever tried to do something that was really hard and kept going wrong? How did it make you feel?</p> <p>Talk to your child about the importance of talking to an adult when they feel upset or worried - 'a problem shared' etc.</p>	<p>Take part in this Cosmic kids yoga lesson about a penguin who had to invent something to help him fly.</p> <p>https://www.youtube.com/watch?fbclid=IwAR0P-Nz8Jo4f03KMgCMMuv6KKMviZ7vPETsXEbr4l488_SgsoQ3_s4QcMn8&v=jSZvMHLw9vs&feature=youtu.be</p> <p>Miss Brewer will post a PE lesson on Tapestry. Join in and learn a new skill.</p> <p>Practice writing your numbers correctly - numbers 2, 5, and 8 are always tricky!</p>	<p>Our school value this month is love:</p> <p>Draw a picture for someone you love and tell them why they are special.</p>
