

English

Descriptive writing

Create and name your very own superhero. Describe how he/she looks and how he/she behaves and their special superhero skills.

Comic strip

Draw a comic strip story with your own made up superhero as the main character. Consider onomatopoeia and use words like POW! BASH! POP! for the noises that accompany the actions when your superhero is fighting 'baddies'.

Letter Writing

Many of the country's key workers could be considered as 'superheroes' as they continue to go to work during this lockdown period.

Keyworkers include people who work for the emergency services; doctors, nurses, police officers and firefighters. It also includes delivery drivers, shop workers, teachers and some transport operators.

Plan and write a letter to a key worker, thanking them for everything they are doing.

All planning sheets are provided as documents (See Resources)

Art/DT

Design (on paper) and then build your own superhero using anything you can find at home. You could even use your family's recycling and create a junk model superhero! (I'm sure your family will be pleased!)

Maths

Money

Find the value of your superhero's name and answer the other questions from the alphabet sheet.

Home Learning Y3/4 Theme:

Superheroes!

PHSE

Superheroes have amazing skills, but we ALL have different skills! Draw a picture of yourself as a superhero and label it with your skills.

History - Timeline

Superheroes have been around since the late 1930's when Lee Falk created the first superhero called, 'The Phantom'.

Create a superhero timeline by cutting out each superhero fact and sticking them in the correct order, from oldest to youngest.

Some blank templates are provided (See resources) so that you can add your own superhero.

Science

Predictions and Testing

'To float or not to float...that is the question'

Aquaman is one of the most powerful superheroes with powers that include super strength, durability, control over sea life, exceptional swimming ability and the ability to breathe underwater.

Test a range of different household items to see if they float or sink. Make a prediction first – remember it's not about being right or wrong, it's part of the process that helps you make links in your scientific understanding.

Use the table to help you (See resources)

RE

In what ways was Jesus like a superhero to his Christian followers?

He performed some amazing miracles and rose from the dead, from the tomb he was placed in.

FRENCH

Think about all the learning we did before the school closed. We learnt colours and animals. Remember, the colours come AFTER the noun e.g. le chat vert.

Design your own superhero animal with a crazy colour! It could be a mixture of more than one animal e.g. superchiensouris! (superdogmouse)
