History Knowledge Organiser – Year 3

'Were the Stone Age people generous in their communities?'

Sticky Knowledge

Chronological understanding

- I know that the Stone Age time period began approximately 6,000 years ago and ended around 2000 BC.
- I know that the Stone Age period came before the Bronze Age.
- I know that BC means before Christ was born
- The Bronze Age was followed by the Iron Age when tools and weapons became more advanced and were used for farming.
- Prehistory can be divided up into 3 time periods – Stone, Bronze and Iron

Historical enquiry

- Our knowledge of the Stone Age people came from cave paintings and fossils.
- The Stone Age falls under prehistory

Historical interpretations

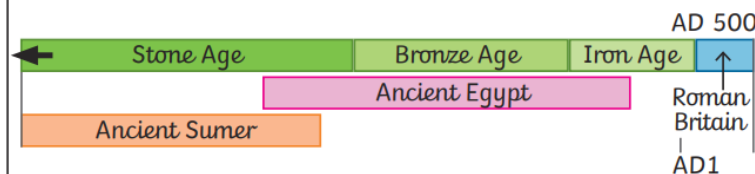

- I know the Stone Age people moved around and didn't have formal settlements
- I know that Stone Age people drew paintings that told tales of animals in the area
- I know that different sources tell us different stories/information

Understanding of events, people and changes

- I know Bronze Age people melted metal (cast metal) to create materials to hunt
- I know that Bronze Age people formed settlements
- I know that the Stone Age people were hunter-gatherers
- I know that Stone Age people made monuments, like Stonehenge

I know that during the Palaeolithic Age (old stone age), man gathered food by hunting wild animals and birds, fishing, and collecting fruits and nuts.

Timeline

Skara Brae, Orkney

Key Changes and Events

3000 BC	The village of Skara Brae is built in Orkney. The people who live there are beginning to farm their own food and build homes instead of travelling from place to place.
	Construction starts on Stonehenge in Wiltshire. It will take around 1000 years for it to be finished.
2500 BC	'Bell Beaker' culture arrives in Britain. These people are named for their distinctive decorative pottery.
2100 BC	Bronze begins to be used in Britain to make weapons and tools.
1800 BC	The first large copper mines are dug.
1200 BC	'Celtic' culture begins to arrive in Britain and tribal kingdoms develop.
800 BC	Iron begins to be used in Britain to make tools and weapons, instead of bronze.
	The first hillforts are constructed.
AD 43	The Romans invade Britain.
