

English

Poetry

Write a poem about someone in your family! Think about all the things that make that person so special. You could write an acrostic poem with that person's name!

Letter

Write a letter to someone in your family! This could be someone who lives in your house or a member of your family who you've not seen for a while! It's always so lovely to receive a letter! Think about the language you will use – is it formal or informal? Watch these clips to help you:

<https://www.bbc.co.uk/bitesize/topics/zvgg4qt/articles/zp42rwx> Check Google Classrooms for additional resources!

Recipe

After you have designed the most scrumptious treat for a pet in your family, you will need to write the recipe! Write a list of ingredients with a clear set of instructions for how to make it! You can include pictures for each step if you want to! Look at the attached examples to help you.

History/Geography

Family Tree

A family tree is a way of showing the relationship between a number of people within a family. It tells your family story and shares information about your past. Find out about the people in your family and create a family tree! You can use the attached template or create your own. Add information such as the year your grandparents were born and where they were born!

Science

Genes and Genetics!

Do any of the members in your family look alike? Why do you think this is? Our bodies have characteristics, like the shape of our nose or the colour of our eyes. Parents pass on these characteristics to their children, this is called inheritance! Watch this clip to learn more:

<https://www.bbc.co.uk/bitesize/topics/zvhhvcw/article/zp9f4qt> Look at your brothers/ sisters and some photographs of your parents when they were little (if you can!) Is anything similar? What do you think you have inherited from your parents?
Create a poster to show what you have found out!

Maths

Information – Data Handling

Create a table to collect and record information about your family! E.g. height, eye colour, hair colour, age, place of birth, favourite food, sports team, hobbies etc. Can you sort the data in different ways? Maybe you could use a venn diagram!

RE

Hindu Mehndi

Hindus create beautiful patterns with henna on their hands for a family celebration or festival. Look at the examples attached – colour or copy one of these designs or create your own!

Theme:

Key Vocabulary

Our Monks School Family

We are so lucky to have such a wonderful school community! Write a list of all the characteristics that makes our Monks Risborough family so special.
E.g. our school values, kind friends etc.
Add these words to your key vocabulary glossary!

Art/DT

Pebble Art - Portraits

Create a family portrait using pebbles! (*See attached) Collect different sized pebbles or stones to create your portrait. You can use twigs and small leaves, like in the examples, too! If you can't find any pebbles, you could draw or paint your portrait! They look just as wonderful! Why not take a picture of it and post it on Google Classrooms; we would love to see them!

Design a Pet Treat

Design a treat for a pet in your family! Would your dog love a bone shaped 'Pupcake?' Or maybe your rabbit would like a 'Nature's Salad'. You might need to research which foods your pet is allowed! If you don't have any pets in your family, you could make one for someone else's pet – I'm sure they'd be really grateful! Label your design and give it a name! You might even want to create the packaging for your treat and a logo to go on it!
