Information Booklet – Monks Risborough Primary School!

Our school is so special for so many reasons. Did you know it was founded in 1855!

Create an information booklet to give to visitors who come to our school! Tell them what makes our school so great. Use subheadings, pictures and captions to organise your information.

What could you include?

Our values, subjects, our facilities (swimming pool, theatre, field), worship, teachers etc.

It would be wonderful to have these on display at the front office so visitors can take one and read it whilst they are waiting to look around our school! We could photocopy them so they have a copy to take home!

We've attached examples of different information booklets to help you! Check Google Classrooms for additional resources!

Art/DT

Stained Glass – make it or bake it!

The Parish of Monks Risborough is the oldest recorded Parish in England! Design a stained-glass window for St Dunstan's Church. You can use the template attached or create your own!

You could make your design into an edible treat! Follow the instructions on the attached document to create a stained glass cookie.

Maths

Train Timetable

Princes Risborough train station was opened on the 1st August 1862! How many years has it been opened for? We have attached a timetable for Princes Risborough train station – have a look! What places can you visit? The timetable shows what time the train leaves the platform and what time it arrives at the next place! Answer the questions about the various journeys!

RE

Churches

How many churches are there in Princes Risborough and Monks Risborough? What is different about each of these churches? Show your findings in a poster!

Home Learning Y5/6

Theme:

The Risboroughs!

Key Vocabulary

Risborough Communities!

What is a community? Add this word to your glossary and write a definition for it! You could share your definitions on Google Classrooms!

There are so many communities within Princes Risborough and Monks Risborough – can you make a list of them all? (E.g. school, church, clubs)

Science

Rainfall Experiment

How much rain is really falling when you watch a heavy shower through the window of your home? How about on other days when it's just a light shower? How can we measure it?

Find out by making your own rain gauge! (See attached) Record the results and share your findings on Google Classroom!

Animals

Red Kites are birds of prey that can be seen soaring and diving through the skies above Risborough! They are native to this area! But where did they come from? What do they look like? What do they eat? Create a fact file all about the Red Kite.

History/Geography

Monks Risborough

Draw a map of Monks Risborough! You could use symbols for features such as our school and church, or you could make it 3D! Watch this video to learn how: <https://www.bbc.co.uk/bitesize/clips/zwfcd2p> You can use this map on the back of your information booklet, with our school's address!

Princes Risborough

How did Princes Risborough get its name? Who is the Prince of Risborough? Why was the town named after him? Create a fact file or a poster to show your findings!
