Tealight Jam Jar Lanterns

You will need:

An empty jam jar

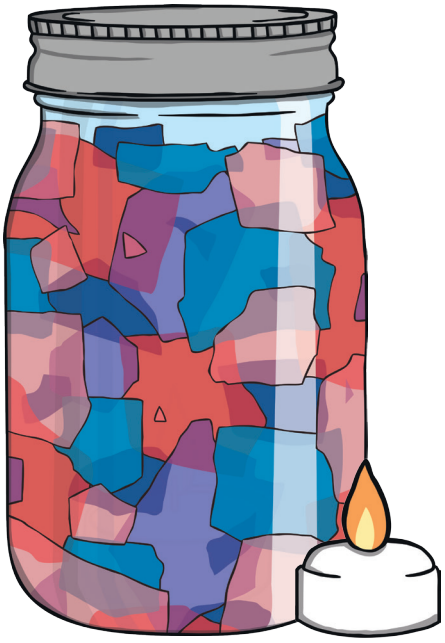
Coloured tissue paper torn into small pieces

PVA glue mixed with water

A paintbrush

An LED tea light

Sequins or glitter to decorate



Instructions

1. Use the paintbrush to cover the outside of your jam jar in the glue and water mixture.
2. Layer the tissue paper over the jar until the outside is fully covered.
3. Paint over the top of the tissue paper with another layer of the glue and water mixture.
4. You may wish to select winter colours, such as white or blue tissue paper or have a bright multicoloured warm pattern. You could even add sequins or glitter to decorate.
5. Place an LED tea light inside the jar.
6. Enjoy your lovely winter tea light jam jar!
